Curriculum and Recognition			
CBSE is most widely recognized in all Indian colleges & universities.	World wide credibility with complete recognition in India	Recognized in all Indian universities.	Internationally accepted, follows different teaching methodology. Helps students to go abroad & study.
Pre defined curriculum based exam at school and board level.	Offers exams in March for India making sure students do not miss on entrance exams	Higher emphasis on language with 2 English papers.	No prescribed text, Students are free to explore the world of books.
Is undergoing radical changes and alters its exam pattern very often	Students of all abilities can opt for subjects suitable to them. Textbooks aligned to CIE available in market	Curriculum is in-depth with immense information	Focus is on how to learn & not to learn.
Curriculum is aligned to prepare students for all entrance exams - Medical & Engineering.	Balanced, flexible curriculum with wide range of subjects. focusing on skills	Students struggle a bit to fare well in entrance exams.	Internal Assessment prime component.
CBSE slowly moving towards giving more importance to Internal assessment.	Suitable for multilingual & multicultural audience.	Internal assessment important component in ICSE	Very different and stress free teaching methods
CBSE approves both English & Hindi as medium of instruction	Students from any board can join IGSCSE at Grade 9	English is the only language of instruction. Hindi can be opted as a second language.	Students are versatile and are exposed to broader spectrum of subjects. More practical, innovative & application based.
